VISIBILITY IS NOT A DECISION – IT'S A MUST-HAVE

When every second counts and maximum precision is essential, looking down is crucial. Eye in the Sky is the Smart Pilot View Kit for the H125/AS350 series – for more precise maneuvers during rescue operations, mountain landings, or work in challenging environments.

- ▶ 6-fold improvement in vertical visibility
- ▶ No intervention in pilot door or cowling
- ▶ EASA approval
- ▶ Plug & Play – installation in just 1.5 days
- ▶ No aerodynamic restrictions
